February 2017

Dear Ian,

I'm delighted to let you know that due to your success last year, your school is now eligible for membership of SSAT's Leading Edge, the national network exclusively available to high-performing schools. Congratulations on your great work in 2016/17.

As a former head myself, I know how important it is to be recognised for your school's achievements. Your vision and hard work deserve celebration. And that's definitely something you can look forward to as a member of Leading Edge.

The Leading Edge network represents the views of high performing schools nationally – the headteachers' steering group regularly meet with key policy makers and all members are regularly offered opportunities to contribute their thoughts.

Being part of the only national network for high-performing schools offers you and your team the opportunity to connect and collaborate with like-minded colleagues from across the country, gaining insight from a range of publications, events and networking opportunities.

You can also apply for accreditation recognising your transforming practice under SSAT's Framework for Exceptional Education, all as part of your membership package. The framework is a self-review and planning tool designed by SSAT and Leading Edge schools, and the accreditation process involves a peer review from another school in the network and a moderation visit.

I very much look forward to welcoming you to Leading Edge in 2017/18.

The Leading Edge year begins in April 2017. Please do get in touch with the Leading Edge team to discuss how membership could support your school by emailing advise@ssatuk.co.uk or calling **020 7802 0655**.

Yours sincerely

Sue Williamson
Chief Executive
